“ *I first met Brent almost about 13 years ago. He was playing Chess with my son, John. I was first struck by his big smile, politeness and not to mention what a nice-looking young man he was. Met his mother, Connie, the same evening and we quickly became best friends. Whenever, we visited his home, Brent always greeted us with a big smile and hug and the same when we said good-bye. We soon came to discover he was a man of many talents. He also was a great conversationalist. My regret is I didn't spend more time with this "gentle soul". You will always be in my heart Brent. I love you always. Myrna and Frank*

“ As a child, I spent almost every Thanksgiving and Christmas, plus other special times in the warmer months with the Krieger family. I have many memories of playing with Brent and Heather -- hide and seek, ping pong and shuffleboard in their basement, swimming, and tennis. We'd also play in the garden or eat popcorn and watch their hilarious home movies. We laughed a lot, and we were usually outside.

Brent had a gift of creativity, curiosity, and seeing new or better ways to do things. And, as others have mentioned, he was gentle and loving, and saw the best in all his animal friends, even his pet ferret!

We love you, Brent. Melanie Wahlberg and family.

“ My cousin Brent was such a sweet man. We really bonded over the love we had for our dogs. I imagine that Brent and Jake are playing together again beyond the Rainbow Bridge! We lived far apart for so many years, but we got to see each other a lot during the last 2 years and I will remember him as he was when we were together - smiling, curious, caring, and loving. Brent was a gentle soul. Connie and Heather - you are in our thoughts and hearts, along with Brent and David. With much love, Missy King

“ As Brent's aunt I have had the privilege of knowing him since birth. Our families are very close and we spent lots of time together as the children were growing up - holidays and special times. Brent and Heather were always inseparable, enjoying each other's company while playing and exploring. Brent had many special talents and was especially gifted at creating unique designs and finding new ways to do things. He loved the challenge of doing stone work such as stone fireplaces and walkways. He also thrived on helping others and did that for me two summers ago by powerwashing, prepping and painting the whole exterior of my house. His gentle countenance and love for all creatures, big and small was special. I loved his keen sense of humor - he could always make me smile and I will always treasure all our happy memories. With love, Diana King
