“ You could say I have known Clara Jean since I was born. My parents went to the same church growing up in Bainbridge Township, in fact my parents were pregnant with me when Clara and Nyler were expecting Tia. There were several other parents at the same church that were expecting within days and months of each other. When they all had their babies, they decided to form a birthday club. Every year since we were 1 year old until we were 16 years old, we got together to celebrate our birthdays. Clara Jean was like a second Mom to me growing up and Tia and I were friends outside of the birthday club so I spent many nights at their house. When I myself had a child, I took her there to meet and visit them. They had an old tire swing that carries lots of cherished memories. Clara Jean will be missed. She was a very sweet and loving woman, I will never forget her.
