“ Uncle jack was much more of a father to me than an Uncle. I was raised by a single mother and my Grandmother and brother.. I cannot begin to tell you all what a big roll he played in my life, he made sure that my brother and I had time with him both separately and together. He took me to the bowling ally and carefully and patiently taught me how to bowl, I must say it was a real treat to have time with a kind male figure who wanted to spend time with us! Jack and Linda are grandma and grandpa to my children and great grandparents to my daughter’s daughter. I could not have asked for a better father. He has been there for me through thick and thin,birthday’s, Christmas’s. Both jack and Linda are deeply loved and jack will be greatly missed, I wish I had the words to share all the memories I have. I guess what I’m trying to say is, he made a big difference in my life and I’m very lucky to say he was a father to me!!!

“ Jack was more than an Uncle to me. For a boy and young man raised by a single mother, he was an example of how Christian men behave and care for those around them. He took special care with me times too numerous to mention here. I am eternally thankful he was my Uncle, and will benefit forever from his love and guidance. I am warm and at peace today imagining the reunion taking place in heaven with Mom, Grandma and Grandpa. I will miss him until reunited again in heaven.
