“ My grandmother was very kind. She always welcomed me and her three great grandchildren into her home. She loved for us to come over, she felt so much joy to see the little ones. She would spoil the heck out of my kids with her love. At one point she bought a inflatable pool and a gazebo just so we would come over more often. She would dip her feet in the pool while watching the children splash and play. Just a few months ago she was on the floor playing cars with the five year old. She used to lecture me all the time about my personal relationship. She wasn't afraid to speak her mind. She talked about God and church a lot. She was thankful for the church members that stood by her side in her time of need. My Grandma Johnson will be greatly missed by all of us. She will always be in our hearts.

“ I always want to remember mother Janice kind , gentle, giving but most of all loving. When I was younger, came to the house and we would talk about anything and everything if I had some problem, she was there for me. She loved all 4 of my kids and was proud to call them her grandkids. I will greatly miss her very much. Wish I had more time to spend with her. I do love you mother Janice with all my heart. From daughter Kathy.
