Woody loved to garden and while at Woodland Terrace continued to grow seeds and plants. Many of the plants and cotton plants around Woodland are a result of Woody's love of gardening. Woody lived a full life and felt that his life was a success because he made people's lives better. He loved and enjoyed his family.

His family includes his children, Jim (Sylvia) Counts of Benton Harbor, Sandra (Doug) Lombard of Mattawan and Janette (Robert) Brink of Millburg; his 7 grandchildren; his 11 great grandchildren and his several nieces and nephews.

“ Years ago we lived next door to Woody. He was always so kind and helpful. Our family was young then and our boys depended on him to fix their toys or bikes. He was such a delightful man.

“ Sandy and Doug; Jim and Sylvia; Jeanette and Bob and your families -
So sorry to here about the passing of Woody. His memory and kindness always brings a smile to my heart. I was so glad my grandson was able to meet him. They chatted for quite a while. My grandson could not believe anyone was older than his Nana and here was Mr. Counts who was an adult when I was a little girl. So Woody patiently answered all his questions about the “old days”. He always made you feel that he was listening and what you had to say mattered. I know you will miss him and pray for a peace and joy in all the memories you share about him in the days ahead.
Love to you all -

“ Papa Woody taught me that success is not measured by the amount of money, possessions, job, influence, or friends you have. Instead success is measured by the amount of people’s lives you make better. Small things like helping neighbors by fixing their lawn mowers; helping the hungry by donating time at soup kitchens; helping friends by opening his house when people need a place to stay; and helping family by always showing love regardless of differences. He will be missed but never forgotten.

“ I looked forward to the trips to visit Woody in his Michigan and his visits to our home in Missouri. Always making me laugh with his wit and story telling.

“ I will always treasure my time with Uncle Woody. My heart hurts and tears are falling as I am writing this with a smile on my face. A smile as I see the twinkle in his eyes and the grin on his face. I loved to hear his voice that he perfected in Arkansas . I hear that voice when I garden, when I repurpose , when I can help another , when I take time for my family and my neighbors, when I get busy on a project, when I am enjoying the little things , when I hear a joke or play on words . He is part of my heart and I was a very lucky girl to have had an in my life. I send my love to all of my Michigan family as we celebrate the legacy of Woodrow Counts

“ Woody was a kind and helpful person who was always there if you needed help. He had magical hands to repair many things that was broken or needed repair. He was a great person just to talk with listening to his stories . He will be missed by our family. Our sympathy to the whole family.
