“ *What a beautiful picture of our sweet and loved Dr. Fajardo. I was so sad to see she had passed. I wish I would have known she was in the hospital. I would have gone to see her. She was so special. With Dr. Stagg's passing and now Amelia's, we have lost the last of the true family doctors. She loved her patients and was known to not charge her patients she knew could not pay. She was generous and kind. I loved her and will miss her. It's your turn, Dr. Fajardo, to be honored and ministered to by the Angels. Thank you for your many years of service to this community. You will be missed! -Becky Burford (Ruthie, if you see this, please call me when things calm down. I would love to connect with you. I remember how close you and your mom were. I will be praying for you in this time of grief. It is not easy to lose your mother. I was not able to attend the funeral, but am with you in my thoughts and prayers today.)*
