“ I've known Jeff since we were kids at Boynton School. His family lived up the hill from us on Empire. Our paths have crossed a couple of times in the past 36 years, and I'll always remember our days growing up and the friendship we shared as Classmates in the Benton Harbor High School Class of 1980. Rest In Peace my Brother!!!

“ I was very saddened to learn late this week of Jeff's passing. He and I worked together both at Meijer and, most recently, at IBM on the same project for several years. I could always count on him to help brighten a day in the office, whether it was sharing updates on old friends from our Meijer days, or Jeff suddenly appearing at my desk, grinning from ear to ear, with a witty observation on life in the office or life in general. My heartfelt condolences to all of the Taylor family. Jeff's life was well lived, and he will be missed by all who knew him. Jeff, rest in peace, old friend. You made many days far better than they had been before you stopped by.

“ My condolences to the entire Taylor family. Jeffrey was my classmate and I had a lot of respect for him. He was very quiet then, but he learned to speak up through all the great things he did in life. To Betty, I pray that you find comfort and strength in the arms of the Lord. Prayers and blessings!

“ I have been carpooling to IBM with Jeff every week for the past 2 years now and I am shocked and deeply saddened by this. He was always cheerful and full of laughter even at 6am. I will miss you a great deal Jeff. The car ride to work will never be the same now without you. My deepest condolences to the family. Rest in heaven my brother.

“ My thoughts and prayers are with the Taylor Family and all of Jeffrey's friends, may God's love and Grace be with you during this difficult time. Jeffrey and I worked together on my first project at IBM back in 2012. Jeffrey was big as life, with his big smile, his uplifting personality, his kind heart and his beautiful soul. Jeffrey made everyone around him feel special. When you were down, Jeffrey would always be there to lift your spirits. I remember many days on our project where Jeffrey would make me laugh so hard, tears would be running down my face. He always had a funny story to share. When I left Lansing last Friday, I gave him a big hug, told him I will miss him and I wouldn't see him for awhile because I knew I wouldn't be back until sometime next year. I am heartbroken to learn that Jeffrey has passed but, I know another angel was born and that he'll be watching over all of us.

“ I was saddened to learn of Jeff's passing. He was the sunshine at  
work. He always made a point of saying hello and brightening our  
days with his laughter and warm personality. As a colleague, you

We always knew when Jeff was near in the office at IBM. You could hear him talking, and people laughing, bringing cheer wherever he went. This is a shock, and we will miss his presence. You could not be sad when around him. I pray that God's supernatural peace will be with the family right now.

“ I am a co-worker with Jeff when he worked at IBM in Lansing. This fellow was the kindest man I've met in a long time. He always had a bright smile and greeting when he walked in the door. I dubbed Jeff "Mister Sunshine" because of his friendly cheerful demeanor. Jeff was always upbeat and it was a pleasure having him as a coworker. The Lansing Center will not be the same without him and he will will be deeply missed. Goodbye old friend, we will miss you..
