“ I had the opportunity to know Peter in the 1960's when he worked at our family's store, and I enjoyed his friendship in the last few years. He shared lots of great stories about his high school days. Quite often I think about the way he looked over the top of his glasses while chatting during dinner. Peter was one of the very few who called me Linnie. I miss him and feel his loss. Lynn (Goldbaum) Sisson

I was a good friend to Pete all thru grade school, junior high, and high school in Benton Harbor. We did many things together, coronets in the band, baseball basketball and were even going into business together after college but someone beat us to the punch at the mall in Michigan City. Pete and his family owned many different pets including a monkey, Minah Bird ,Parrot, Great Dane, St Bernard, Love Birds and a Poodle. The Minah Bird could imitate his Mom's voice and would carry on conversations with the mailman at the door and when in the TV room it was constantly saying "Bob! Change the channel !" as you can see it was always interesting in the Brown Household and Pete seemed to laugh at all of it and always take everything in good stride. Pete always strived to do something in Medicine I'm glad to see he fulfilled his dream. He was a good friend and liked to do most things that guys do so we had alot in common. I'm very sorry to hear of his passing and I hope Weesie and her family accept my true condolences. Jerry Burger St Joseph MI

We will miss Peter's friendly smile, his interesting emails and enthusiasm for health, his caring heart. So sorry that his life was short, but we know he is safe in the arms of Jesus.
