*Sheila was such an amazing women and so full of life. What I remember most about her is the love she had for her family. When she found out I was going to Medieval Times her first thought was of her daughter Taylor. She asked me to pick something up there that had been lost as a childhood memory for Taylor. Her family always came first. I loved hearing the stories about she and Randy and the smile on her face when she spoke of him. And most recent about her son going into the military, the excitement in her voice when she spoke about Taylor having a baby, and the shopping that she did with her mom and working out. I know your memory of her is overloaded with good memories and fun times shared. May that give you a sense of peace when you think of her, may it bring a smile instead of tears. My heart hurts for each of you. My thoughts and prayers are with you.*

*Sheila was a wonderful Nurse and friend to all who knew her. I will especially miss her coming into work in the morning with enthusiasm and energy and asking me if i mind that she plop her fan up on top of the med cart and i said "NO" I don't mind because i will be going home anyway and we both just laughed. This was some time ago when i worked on her unit, so many memories and may her family find peace and comfort in this difficult time.*
