“ *Thelma was the one I went to for my daily hug. She always told me that she loved me, and I can honestly say I loved her as well. We are allowed to call very few residents by a name other than their formal name, but she was Grandma to me and that is what I called her. Her room was directly next to my office, so I often was the first to assist her when she was trying to transfer herself from bed to wheelchair, setting off her alarm! I miss Grandma already and I know I will miss her every single day. Thank you, Earl, for sharing your special mama with me. I look forward to the day I will be reunited with her in heaven.
