“ Tim, Tom and Dan in the early 50's we lived across the street from one another on Ogden Circle. Their family moved into Benton Harbor in the early 60's so Dan could play Baseball, Fair Plane didn't have much of a Base Ball Assoc. Tim Got out of High School and joined the Marines by the time he got out, I was out of school and on my way to the Army. I went to work for Gast in 1974 Tim joined Gast a few years later. The funny part is we ended up side by side running the two surface grinders on days till I left in 1994. R.I.P. my friend and brother You and your brothers friendship meant a lot too the gang from Ogden Circle.

“ Tim was my hero and my father,as a kid I couldnt wait till he got home from working second shift,I'd sit In my bedroom window waiting to see the headlights pull in because that meant pizza,pepsi,and CREATURE FEATURE. My sister and I were adopted out of the family at a very young age but I never forgot my dad,watching him build models,one was godzilla to which I carried with me everywhere. And still have that model today. I could go on all day but i dont think there's enough internet paper.
